2013

A., R. Y., and B. MG, "**Bilateral Static Lower Limb Asymmetry in Egyptian Young Adults**", *9th International Deformity Correction Conference*, Mena House Oberoi Hotel, Cairo, Egypt, 2013.

MG, B., R. Y. A, S. ES, and B. AA, "**Clinical assessment of lower limb static alignment using the Photogrammatic method**", *9th International Deformity Correction Conference*, Mena House Oberoi Hotel, Cairo, Egypt, 2013.

A., R. Y., A. AO, and M. NF, "**Clinical Measurement of Head and Neck Posture: Normative values**", *9th International Deformity Correction Conference*, Mena House Oberoi Hotel, Cairo, Egypt, 2013.

A., R. Y., and H. GA, "**Effects of Functional weight-bearing exercises on patients undergoing tibial lengthening**", *9th International Deformity Correction Conference*, Mena House Oberoi Hotel, Cairo, Egypt, 2013.

NF, M., R. Y. A, N. AO, B. MG, M. DM, and B. AA, "**Forward head posture as a function of head and neck anthropometry. :Physical Therapy: The future of the Treatment**", *Physical Therapy: The future of the Treatment*: the 14th International scientific conference, Faculty of Physical Therapy, Cairo University, Egypt, 2013.

Recent Publications

[Rehabilitation of Patients during distraction osteogenesis procedures. The future of pediatric rehabilitation \(/?q=aliaarehan/publications/rehabilitation-patients-during-distraction-osteogenesis-procedures-future-pe\)](http://scholar.cu.edu.eg/?q=aliaarehan/publications/rehabilitation-patients-during-distraction-osteogenesis-procedures-future-pe)

[Measurement of cranio-vertebral angle with electronic head posture instrument and head posture spinal curvature instrument: a reliability study \(/?q=aliaarehan/publications/measurement-cranio-vertebral-angle-electronic-head-posture-instrument-and-he\)](http://scholar.cu.edu.eg/?q=aliaarehan/publications/measurement-cranio-vertebral-angle-electronic-head-posture-instrument-and-head-posture-spinal-curvature-instrument-a-reliability-study-/)

[Shoulder function and mobility after mobilization with movement and taping in treatment of impingement syndrome. :Physical Therapy \(/?q=aliaarehan/publications/shoulder-function-and-mobility-after-mobilization-movement-and-taping-treatm\)](http://scholar.cu.edu.eg/?q=aliaarehan/publications/shoulder-function-and-mobility-after-mobilization-movement-and-taping-treatm)

[What should we choose to treat cervical radiculopathy: a multimodal or individualized physical therapy program? \(/?q=aliaarehan/publications/what-should-we-choose-to-treat-cervical-](http://scholar.cu.edu.eg/?q=aliaarehan/publications/what-should-we-choose-to-treat-cervical-radiculopathy-a-multimodal-or-individualized-physical-therapy-program-/)

A., O., M. NF, R. Y. A., R. H., and B. AA., "**Measurement of cranio-vertebral angle with electronic head posture instrument and head posture spinal curvature instrument: a reliability study**", *Physical Therapy: The future of the Treatment": the 14th International scientific conference*, Faculty of Physical Therapy, Cairo University, Egypt, 2013.

AM, I., R. Y. A., and A. KE, "**Mulligan's versus Maitaland's mobilization in the treatment of diabetic frozen shoulder**", *Physical Therapy: The future of the Treatment": the 14th International scientific conference*, Faculty of Physical Therapy, Cairo University, Egypt, 2013.

A, K., R. Y. A, A. KA, and H. GA, "**Muscle Recovery with Exercise During Distraction Osteogenesis**", *9th International Deformity Correction Conference*, Mena House Oberoi Hotel, Cairo, Egypt, 2013.

A, A., N. A, R. Y. A, and I. MM, "**Neuro-Muscular Electrical Stimulation Combined with Ponseti Method for Correction of Idiopathic Club**", *9th International Deformity Correction Conference*, Mena House Oberoi Hotel, Cairo, Egypt, 2013.

A, N., R. Y. A, A. A, and I. MM, "**Neuromuscular electrical stimulation combined with Ponseti method for correction of idiopathic clubfoot.**", *Physical Therapy: The future of the Treatment": the 14th International scientific conference*, Faculty of Physical Therapy, Cairo University, Egypt, 2013.

A., R. Y., "**Rehabilitation of Patients during distraction osteogenesis procedures. The future of pediatric rehabilitation**", *The 1st annualconference of Resala center for special needs in collaboration with the faculty of Physical Therapy, Cairo university*, cairo, 2013.

AO, A., R. Y. A., M. NF, R. H, and B. A, "**The Role of Exercise in Preventing Forward Head Posture.**", *9th International Deformity Correction Conference*, Mena House Oberoi Hotel, Cairo, Egypt , 2013.

WF, H., R. Y. A, S. ES, and A. KE, "**Shoulder function and mobility after mobilization with movement and taping in treatment of impingement syndrome. :Physical Therapy**", *Physical Therapy: The future of the Treatment": the 14th International scientific conference*, Faculty of Physical Therapy, Cairo University, Egypt, 2013.

MG, B., R. Y. A, S. ES, and B. AA, "**Validity and reliability of photogrammetric method in assessing lower limb static alignment**", *Physical Therapy: The future of the Treatment": the 14th International scientific conference*, Faculty of Physical Therapy, Cairo University, Egypt, 2013.

E, A. E. - M., R. Y. A, and B. AA, "**What should we choose to treat cervical radiculopathy: a multimodal or individualized physical therapy program?**", *Physical Therapy: The future of the Treatment": the 14th International scientific conference*, Faculty of Physical Therapy, Cairo University, Egypt, 2013.

2010

A, R. Y., L. D, S. E, S. R, L. T, and H. W., "**Cartilage Degeneration in Different Models of Osteoarthritis in the New Zealand Rabbit**", *11th Alberta Biomedical Engineering conference*, Banff, Alberta, Canada, 2010.

A, R. Y., **The Development of Botulinum Type-A toxin Muscle Weakness Model of Osteoarthritis.**, Calgary, AB, Canada, University of Calgary, 2010.

A, R. Y., T. Leonard, and W. Herzog, "**Effects of Hind Limb Muscle Weakness on Tibial Cartilage Degeneration in Rabbits**", *CSB/SCB 2010*, Queen's University, Kingston, 2010.

A, R. Y., L. D, S. R, L. T, and H. W., "**Exercising Weak Muscles Causes Selective Degeneration of Knee Cartilage**", *56th annual meeting of the Orthopaedic Research Society*, New Orleans, USA, 2010.

R, F., V. M, L. D, R. Y. A, and H. W, "**Morphological changes in contractile properties of muscles subjected to repeat injections of botulinum toxin (Botox)**", *Journal of Biomechanics*, vol. 44, issue 1, pp. 39-40, 2010.

2009

A, R. Y., S. R, L. T, and H. W., "**Effects of Hind-Limb Muscle Weakness on Knee Osteoarthritis in Rabbits**", *Proceedings of the 10th Alberta Biomedical Engineering conference*, Banff, Alberta, Canada, 2009.

A, R. Y., S. R, L. T, and H. W, "**Muscle Weakness Causes Joint Degeneration in Rabbits**", *Osteoarthritis Cartilage*, vol. 17, pp. 1228-35, 2009.

A, R. Y., S. R, L. T, and H. W., "**Effects of Multiple-group Muscle weakness on the Retro-patellar Cartilage in rabbits**", *ASB conference*, Penn State University, 2009.

W, H., B. D, and R. Y. A., "**Joint Mechanics in Osteoarthritis Osteoarthritis Joint Pain**", *pain in osteoarthritis*, new jersey, Wiley-Blackwell, 2009.

R, F., V. M, L. D, R. Y. A, and H. W, "**Morphological changes in contractile properties of muscles subjected to repeat injections of botulinum toxin (Botox)**", *Proceedings of the 10th Alberta Biomedical Engineering conference*, Banff, Alberta, Canada, 2009.

2008

A, R. Y., S. R, L. T, and H. W, "**Muscle Weakness Causes Joint Degeneration in Rabbits**", *The 16th Congress of the European Society of Biomechanics*, Lucerne, Switzerland, 2008.

A, R. Y., S. R, L. T, and H. W, "**Muscle Weakness Causes Joint Degeneration in Rabbits**", *The 54th annual meeting of*

the Orthopaedic Research Society, San Francisco, USA, 2008.

A, R. Y., S. R., and H. W., "**Spontaneous Arthritis in Rabbit Is Not Aggravated by Increase in Physical Activity**", *Proceedings of the 9th Alberta Biomedical Engineering conference, Banff, Alberta, Canada, pp. 23, 2008.*

2007

A, Y., S. R., L. T., and H. W., "**Muscle weakness Causes Joint Degeneration in Rabbits**", *Proceedings of the 8th Alberta Biomedical Engineering conference, Banff, Alberta, Canada, 2007.*

2002

A., R., H. A. H., I. M. M., D. M. M., and H. G. A., "**Effects of Early Closed Kinetic Chain Exercises on the Rate of Callus Formation during Distraction Osteogenesis by Ilizarov's Method**", *European Federation Of National Associations of Orthopaedics and Traumatology proceedings, Lisbon, Portugal, 2002.*

A, R. Y., "**Effects of Early Closed Kinetic Chain Exercises on the Rate of Callus Formation during Distraction Osteogenesis by Ilizarov's Method**", Giza, Cairo University, 2002.

2001

A., R., "**Lights on Physical Therapy during Distraction Osteogenesis by Ilizarov's Method**", *Proceedings of the Annual Conference of The Bone Lengthening and deformity correction Department, Al-Haram Specialized Hospital, Cairo, Egypt , 2001.*
